Question 1

To help us assess these cases, we need a good picture of the evidence used at the trial. We need to know what the complainer(s) said and what your position was. If there were any other important witnesses for the Crown or the defence, we also need to know what they said. Please give us a summary of the evidence at the trial.

Question 2

These cases are about evidence that should have been used at trial but wasn't. Please describe the evidence that you think should have been used at your trial. Did you or your lawyers have the evidence? If not, how do you know it exists?

If you want to tell us about more than one piece of evidence, it may help to make a numbered list.
